Trenton, NJ 08625-0028

Re: Revised Baseline Risk Assessment Report for the L. E.
Carpenter Company (aka Dayco Corporation) Site in Wharton, NJ

Dear Mr. Kaup:

The U. S. Environmental Protection Agency, Region II (EPA) has completed its review of the September 1991 revised Baseline Risk Assessment Report for the L. E. Carpenter Company Site. The previous EPA comments have been adequately addressed and EPA has no further comments. Therefore, EPA will have no objection if the New Jersey Department of Environmental Protection and Energy approves this document.

Please contact me at 212 264-8098 if you wish to discuss this matter.

Sincerely yours,

Jonathan Josephs, Project Manager
New Jersey Superfund Branch II
Emergency and Remedial Response Division
